(b) if so, whether samples are drawn by the Quality Control Officials or CHMO regularly everyday for test check and records maintained in each hotel; and

(c) if the answer to part (b) above be in the negative, what are the reasons therefor and what measures have been taken to observe quality control for food articles?

THE MINISTER OF TOURISM (MUFTI MOHD. SAYEED): (a) to (c) For ensuring quality or raw material, the ITDC hotels operating all over India are procuring their requirements from Government Co-operative Stores like Super Bazars or from reputed manufacturers with ISI/Agmark or a guarantee certificate. Quality control is exercised by the hotels at the time of receipt of material and through random checks by the Chief Medical and Health Officer of ITDC and the General Managers and Food & Beverage Managers of individual units. These samples are tested at government laboratories or other reputed institutions. For the eight hotels located in Delhi a skeleton lab has been set up for conducting random tests. It is not considered practicable by ITDC to set up separate labs in each of its 24 hotels located in different parts of the country to test samples every day.

Study on unemployment problem

436. SHRI SUBAS MOHANTY: Will the Minister of LABOUR be pleased to state:

(a) whether Government have conducted any survey of study regarding the unemployment problem of educated and technical manpower in the country;

(b) if so, what are the details thereof; and

(c) what are Government's plans for providing suitable training and employment opportunities to all the talented and hard working youths of the country by the turn of the century?

THE MINISTER OF STATE OF THE MINISTRY OF LABOUR (SHRI P. A. SANGMA): (a) and (b) The National Sample Survey Organisation conducts country-wise quin-quennial survey on employment and unemployment in various rounds, latest being 38th Round (January—December 1983).

As per the Seventh Five Year Plan document the estimated unemployment among educated manpower was 3.7 million.

(c) The following are the plans for providing employment and training:—

(i) Employment opportunities as a result of economic and technological developments;

(ii) Employment opportunities in organised and unorganised sectors;

(iii) Schemes to provide self-employment opportunities for science and technology graduates and diploma holders along-with financial assistance;

(iv) The programme on generation of manpower in computers;

(v) Upgradation and expansion of training facilities in technical institutions; and

(vi) The programmes of training for small industrialists and entrepreneurs for educated and technical youth.
